### Security System Services for the VK App

#### Included Services:
- Favorite Edit (Allows users to create or edit automation favorites)
- Z-Wave Device Edit (Allows users to add or edit Z-Wave devices)
- Favorite Action Edit (Allows users to create or edit automation favorites that are activated by the security system)
- User Code Management (Allows master users to add/delete/edit user codes for the security system)
- Schedule Management (Allows users to program the time to arm and disarm their systems each day of the week)
- Geofences (Allows users to activate their mobile device’s location to automatically activate favorites on their system)

#### Add-On Features: (These features may incur additional charges)
- Thermostats (Allows users to control their thermostat from the VK App) $ \underline{_______} /Month
- Lights (Allows users to control their lights from the VK App) $ \underline{_______} /Month
- Locks (Allows users to control their locks from the VK App) $ \underline{_______} /Month
- Traffic Count (Allows users to keep track of the number of times a zone is tripped) $ \underline{_______} /Month
- On-Demand Monitoring (Allows users to request monitoring that charges on the days they schedule it) $ \underline{_______} /Day
- Video (Allows users to view video clips from their cameras on the VK App) $ \underline{_______} /Month
- Expanded Video (Allows users to add more cameras and expand video storage) $ \underline{_______} /Month
- Video Verification (Allows users to give the central station access to camera footage when their system is in alarm) $ \underline{_______} /Month
- Advanced Reports (Allows users to request that their panel compile real-time door, output, and access control reports) $ \underline{_______} /Month
- Sensor Activity (Allows users to receive alerts from selected security devices) $ \underline{_______} /Month

#### List the Zone Names for Sensor Activity Alerts (Maximum of ten zones)

Any Z-Wave devices to be installed? ☐ Yes ☐ No

738Zplus Z-Wave Interface Module Location? (Must be wired to the control panel)

If installing thermostats, how many?

Name for Thermostat 1: 
Name for Thermostat 2: 
Name for Thermostat 3: 

• Is the existing thermostat powered by the HVAC system? ☐ Yes ☐ No

• How many wires are on the current thermostat? 

If installing Z-Wave Light Modules, how many?

Location 1: Name: 
Location 2: Name: 
Location 3: Name: 
Location 4: Name:
If installing Z-Wave Locks, how many? __________

Location 1: ___________________________ Name: ___________________________

Location 2: ___________________________ Name: ___________________________

Location 3: ___________________________ Name: ___________________________

Location 4: ___________________________ Name: ___________________________

**Video Products**

If installing Video Cameras, how many? ______

Location of Wireless Access Point or WiFi (WPS)? ___________________________

**Note:** The end user must provide broadband internet service connectivity for video products. Satellite-based or cellular-based internet service is not compatible with DMP video products.

Camera Location 1: ___________________________

Power Outlet for Location 1: ___________________________

Connection to Router:  □ Hardwired  □ Wi-Fi  Distance from Wi-Fi: __________

Camera Location 2: ___________________________

Power Outlet for Location 2: ___________________________

Connection to Router:  □ Hardwired  □ Wi-Fi  Distance from Wi-Fi: __________

Camera Location 3: ___________________________

Power Outlet for Location 3: ___________________________

Connection to Router:  □ Hardwired  □ Wi-Fi  Distance from Wi-Fi: __________

Camera Location 4: ___________________________

Power Outlet for Location 4: ___________________________

Connection to Router:  □ Hardwired  □ Wi-Fi  Distance from Wi-Fi: __________

Camera Location 5: ___________________________

Power Outlet for Location 5: ___________________________

Connection to Router:  □ Hardwired  □ Wi-Fi  Distance from Wi-Fi: __________
